

How do correspondence courses work?

Once you have received your materials from the ERC you may begin your training. Completed chapter quizzes are to be returned to the ERC for grading. A score of 70% is required to successfully complete each chapter. After completion of all quizzes, a final exam will be sent to a monitor you have selected.

How long does it take to complete the course?

Since the student is allowed to work at their own pace, the amount of time to complete the course varies. However, each course must be completed within one year of the start date.

Will I get a certificate afterwards?

Each student who successfully completes the correspondence course, will receive a Certificate of Completion. This certificate will reflect the name and volume of the correspondence course completed as well as the student's name and the date the course was completed.
